Subject: Soitec Solar DPEIR / BAD submission
Date: Wednesday, December 04, 2013 4:09:05 PM

Please include Dr.Victor M. Ponce's linked report, **The Impact of Soitec Solar Projects on Boulevard and Surrounding Communities**, as advance comments to be included in the record for the pending Soitec Solar Draft PEIR: <http://boulevardsoitec.sdsu.edu/> .

Adverse impacts to transboundary groundwater and riparian resources are the main focus of Dr. Ponce's report. He notes that that to remain comprehensive, sustainable yield must include hydrological, ecohydrological, and socioeconomic considerations.

I will forward a pdf version of the report as soon as I receive it.

Thank you,

Donna Tisdale, President
